

RE vision

We intend that studying religious education will equip children with knowledge and understanding of a range of religious and non-religious worldviews including diversity within different worldviews. Finding out about what people believe and what difference this makes to how they live, can serve to promote understanding and empathy with others and produce well-rounded and thoughtful individuals who are in a position to flourish as citizens in a pluralistic and global community. Children have opportunities to understand their own worldview and to reflect upon how that affects their view of the world.
