After School Art Clubs for Deanery Church of England Primary School

Introduction:

Welcome to our captivating after school art clubs! We are delighted to offer engaging and enriching experiences for children who have a passion for self expression through art.

Our programs are thoughtfully designed to cater to all skill levels, from budding young artists to those who are already accomplished in their craft. Whether your child is just beginning to explore the world of art or seeking to further develop their skills, our art sessions are tailored to meet their unique needs.

We are proud to have a team of real artists, teachers and professionals leading the way. We bring our creativity, expertise, and passion for the arts into every art club, inspiring children and nurturing their artistic talents.

At our art clubs, children will enter a friendly, funny, and relaxed atmosphere where they can freely unleash their creativity. We offer a diverse range of art materials and accessories. This vibrant palette allows children to embark on a multi dimensional artistic journey, exploring various techniques and mediums.

For us, art is not only about the final masterpiece but also about the emotional and mental development it fosters. We view art as a powerful means of expression and personal growth. By prioritising quality over quantity, we ensure that each child experiences the utmost satisfaction and fulfilment in their artistic endeavours.

Every school term, we carefully select a thematic approach that ignites curiosity, encourages exploration, and enables children to immerse themselves in a variety of artistic projects. This thematic framework allows for a dynamic and engaging learning experience, enhancing their understanding and appreciation of art.

We invite you to join us on this inspiring journey of creativity and self discovery. Enrol your child in our after school art clubs, where their imagination will flourish, and their artistic talents will be nurtured in a supportive and inspiring environment. Together, let's inspire and empower the young artists of tomorrow.

Our after school clubs offer the chance to learn the basic skills involved with rugby – skills that are transferable to other sports and activities.

What's more, in addition to developing children's agility and co-ordination, Rugbytots helps to enhance confidence and self-esteem. The development of better listening skills and teamwork all play an important part too.
