10. Protective Measures and Hygiene	28-30
11. Cleaning	30-31
12. Enhanced Hygiene Measures	31-32
13. Procedures for symptomatic or ill pupils or staff members	33-34
14. Personal Protective Equipment	35
15. Premises related issues including fire safety	36-37
16. Equality and support pupils and staff with protected characteristics	38-40
17. Alignment with other school-based provision and providers	40
18. Home to School transport	41-44
19. Contingency planning for local lockdown	44-46

This is a model risk assessment based on initial Government guidelines on COVID-19 as at 02/07/2020 and remains subject to change at short notice as updates are received from the Department for Education (DfE) or Birmingham City Council (BCC). **Schools should amend according to individual context.**

Introduction

The government plan is for the full return of all pupils from September 2020 (updated in line of national lockdown from 5th November 2020 Updated January 2021 following Tier 4 restrictions and prevalence of the new strain of Coronavirus):
<https://www.gov.uk/government/publications/actions-for-schools-during-the-coronavirus-outbreak/guidance-for-full-opening-schools>

School employers and leaders are required by law to think about the risks the staff and pupils face and do everything reasonably practicable to minimise them, recognising they cannot eliminate the risk of coronavirus (COVID-19). School employers must therefore make sure that a risk assessment has been undertaken to identify the measures needed to reduce the risks from coronavirus (COVID-19) so far as is reasonably practicable and make the school COVID-secure. General information on how to make a workplace COVID-secure, including how to approach a coronavirus (COVID-19) risk assessment, is provided by the [HSE guidance on working safely](#).

We recommend all school leaders and staff members to regularly review the latest information produced by Public Health:
https://www.birmingham.gov.uk/COVID-19_schools_faqs. The latest checklist and flowchart can be found here for guidance on dealing with suspected or confirmed cases within staff or pupil cohorts, and their contacts:
https://www.birmingham.gov.uk/downloads/download/3527/public_health_flowchart_for_schools

This risk assessment checklist/tool is based on Government guidelines on COVID-19. It is provided to help schools to prepare and decide arrangements for an increased number of children attending/returning to school. It remains subject to change at a short notice as updates are received from the Department for Education (DfE) or Birmingham City Council (BCC). [EYFS guidance](#) should be considered for Nursery Schools and Nursery Classes. Separate guidance is available for Special Schools and is not considered in this tool.

Any updates to the Risk Assessment will be identified in the version control table from p6 onwards.

The completion of this tool/checklist should not be undertaken in isolation by one individual and should involve staff who understand the risk assessment process. Once completed, the risk assessment should be shared with the school's workforce. If possible, schools should consider publishing it on their website to provide transparency of approach to parents, carers and pupils (HSE would expect all employers with over 50 staff to do so). A risk assessment should be updated and revisited regularly.

Risk assessment is about identifying reasonably practicable measures to control the risks in a workplace or when undertaking an activity. The process evaluates the threats and risks of a specified issue/situation and enables the likelihood that somebody could be harmed, together with an indication of how serious the harm could be, to be considered.

This is a model risk assessment based on initial Government guidelines on COVID-19 as at 02/07/2020 and remains subject to change at short notice as updates are received from the Department for Education (DfE) or Birmingham City Council (BCC). **Schools should amend according to individual context.**

RISK Assessment Tool (V10)

15/01/2021

Likelihood - For each issue/situation, determine the likelihood it will occur.

Severity (outcome) - **determine** the potential injury/health.

Likelihood	Severity
4 = Certain = common or frequent occurrence	4 = Major risk - death, loss of limbs, etc
3 = Probable = likely to occur sometime	3 = High risk - broken bones, burns, etc
2 = Possible = may occur sometime	2 = Moderate risk - cuts, bruises, sickness, etc.
1 = Improbable = unlikely to occur	1 = Minimal risk - strain, shaken, no injury, etc

The matrix (below) to determine the the Likelihood and Severity being independently scored and plotted.

provides a method level of risk, with

RISK LEVEL MATRIX					
PROBABILITY (LIKELIHOOD)	4	Low	High	Very High	Very High
	3	Low	Med	High	Very High
	2	Low	Low	Med	High
	1	Low	Low	Low	Low
		1	2	3	4
		SEVERITY (OUTCOME)			

This is a model risk assessment based on initial Government guidelines on COVID-19 as at 02/07/2020 and remains subject to change at short notice as updates are received from the Department for Education (DfE) or Birmingham City Council (BCC). **Schools should amend according to individual context.**

Links to related published guidance notes to be referred to alongside the Model Risk Assessment

Once the likelihood and severity of the risk have been assessed they are plotted on the risk profiling grid above and the risk rating defined e.g. If a risk has a likelihood of 3 – Likely and a severity of 1 – Minimal, the risk rating will be $3 \times 1 = 3$. This would mean the risk is low and arrangement would be adequate. Example as follows:

Issue/Area to be addressed (Potential Hazard)	Current Control Measures Good Practice Control Measures Adopted	In place (Yes/No)	Further action/ Comments	Final Risk Rating
Example: Slips, trips and falls <i>There are smooth surfaces and tripping hazards around the school site with the potential to cause persons to fall over injuring themselves with multiple injuries.</i>	<ul style="list-style-type: none"> • <i>Cleaning regime in place.</i> • <i>Correct safe substance used for surfaces.</i> • <i>Signage available.</i> • <i>Cleaners have received training.</i> • <i>Introduce hazard reporting system and ensure that staff are aware of school H&S Policy.</i> • <i>Undertake specific risk assessment on snow and ice.</i> • <i>Remove all trailing cables in admin office.</i> 	Y	Review arrangements for new staff i.e. ensure the H&S policy to shared /communicated	3x1=3 Low

This is a model risk assessment based on initial Government guidelines on COVID-19 as at 02/07/2020 and remains subject to change at short notice as updates are received from the Department for Education (DfE) or Birmingham City Council (BCC). **Schools should amend according to individual context.**

Area of concern to be addressed	Current risk rating	Control measures Good Practice Control Measures Adopted	In place? (Yes/No)	Further action/ Comments	Final risk rating
1. Identify likely numbers of pupils returning and agree required staffing resource and approach and liaise with your LA on your plans					
Lack of certainty over returning numbers	<u>LOW</u>	<ul style="list-style-type: none"> • Planning for full attendance of all year groups and where possible complete the daily DfE attendance return. • Phased return arrangements in place for year groups / pupils including details of those who have been isolating. Good record keeping within school, with PH and LA. • Support for pupil/parent anxiety about return to school and vulnerability to COVID-19 • Most children originally identified as clinically extremely vulnerable no longer need to follow this advice. Children whose doctors have confirmed they are still clinically extremely vulnerable are advised not to attend school during lockdown and arrangements should be made to continue education at home. Children who live with someone who is clinically extremely vulnerable, but who are not clinically extremely vulnerable themselves, should still attend school. • Requests for support for vulnerable families sent through Early Help Hubs and individual pupil risk assessments. • Any specialist equipment required is returned to school/additional equipment made available to support return • Home to school transport in place where required • Readiness to implement Test and Trace as set out in section 7 the latest guidance. 	Yes	<p>Phased return 10 children in each class on Wed 2nd Sept, 10 on Thurs 3rd and 10 on Fri 4th. All children back in full time from Mon 7th Sept</p> <p>Mental Health and well-being time built in to school day Children's mental health and well-being to be monitored Staff training on mental health Liaison with Mark Hill & PSS 'You've been missed' documents and training shared</p> <p>Attendance statistics monitored. Very high percentage of attendance over the first half term.</p>	LOW

This is a model risk assessment based on initial Government guidelines on COVID-19 as at 02/07/2020 and remains subject to change at short notice as updates are received from the Department for Education (DfE) or Birmingham City Council (BCC). **Schools should amend according to individual context.**

Spread of Infection		<ul style="list-style-type: none"> Only critical worker children permitted in school as a result of January lockdown 2021 <p>Staff and Parents will follow the same control measures as previously stated.</p> <ul style="list-style-type: none"> Staff to wear face coverings when in communal areas and moving around the school site Wear face coverings when speaking with Parents <p>Wear face coverings when out of your social bubble.</p>		FORMS to ascertain demand and key worker status. Evidence sought of key worker status	
Number of staff available is lower than that required to teach classes in school <i>(cross reference with risk assessment on staff health and wellbeing)</i>	MED	<ul style="list-style-type: none"> The health status and availability of every member of staff is known and is regularly updated. Including all teaching and non-teaching staff (EY practitioners, DSL, SENCO, Paediatric 1st Aid (for under 2-year olds)/ 1st Aider or emergency 1st aid for children 3-5 years, domestic/kitchen staff etc https://www.gov.uk/government/publications/guidance-on-shielding-and-protecting-extremely-vulnerable-persons-from-covid-19 (added in v2, updated 18th August) Full use is made of those staff who are self-isolating but who are well enough to teach lessons online. Flexible and responsive use of teaching assistants and pastoral staff to supervise classes is in place. A blended model of home learning and attendance at school is utilised until staffing levels improve. If your school is struggling with a shortfall in staffing and this may be more likely for infant schools, you will need to consider possible solutions with your local authority and/or trust. Contingency planning with LA is in place and additional resource identified, for example bringing additional teachers in to help, for example supply teachers, teachers on temporary agreed loan from other schools, or teachers provided by your trust or local authority (considering the guidance about consistent staffing across the week). Using some senior leadership time to cover groups if this is manageable. 	Yes	All staff who have previously been shielding have consulted with their doctor before returning to work Risk assessments to be put in place for expectant mothers and asthmatics returning from 1 st August No staff expected to be working from home from September Nov lockdown, staff shielding at home as required by GP Additional staff available to cover PPA TAs are paid a cover point and therefore able to cover	

This is a model risk assessment based on initial Government guidelines on COVID-19 as at 02/07/2020 and remains subject to change at short notice as updates are received from the Department for Education (DfE) or Birmingham City Council (BCC). **Schools should amend according to individual context.**

		<ul style="list-style-type: none"> • Size of Bubbles is changed, moving from a full class bubble for majority of the classroom time to a year group bubble or vice versa, where required, allowing for mixed groups for specialist teaching, wrap around care and transport (or full school for small AP schools). It is important to limit interaction between bubbles; one positive case can lead to full isolation of bubbles and contacts. • Staff including temporary/supply personnel can move across different classes and other year groups maintaining social distancing (2m between adult and child where possible, minimising time spent within 1m) • To minimise the numbers of temporary staff entering the school premises, schools may wish to use longer assignments with supply teachers and agree a minimum number of hours across the academic year. • Schools should ensure that appropriate support is made available for pupils with SEND as well as pupils isolating at home or considered to be clinically extremely vulnerable, for example by deploying teaching assistants and enabling specialist staff from both within and outside the school to work with pupils in different classes or year groups. • Consideration of available testing for school staff is updated according to latest government advice: https://www.gov.uk/guidance/nhs-test-and-trace-workplace-guidance • Remind/Encourage staff that are eligible for a free NHS flu vaccination of the importance of ensuring they are protected from such illness https://www.nhs.uk/conditions/vaccinations/flu-influenza-vaccine/ 		<p>classes within their year group bubble if required</p> <p>Home learning to be resumed if a bubble needs to be closed</p> <p>Year group bubbles of 60 in place for break and lunchtimes</p> <p>Main Bubble size is 30 for most learning</p> <p>Foxes wrap around care year group bubbles in place</p> <p>PPA staff to move around school maintaining 2m distance from children where possible – reduced number of bubble contact w/b 12.10.2020</p> <p>Current school staff deployed to provide support for children when needed</p> <p>Staff to be further informed of test and trace if the need arises</p>	
Schools lose focus on continuing to apply in-year admissions process	LOW	<ul style="list-style-type: none"> • Review in-year school admissions expectation with key admission staff. • Ensure key school contact and related resources in place. • Ensure timely returns of individual pupil (applications and 	Yes	No spaces in year groups at present Waiting list looked at	LOW

This is a model risk assessment based on initial Government guidelines on COVID-19 as at 02/07/2020 and remains subject to change at short notice as updates are received from the Department for Education (DfE) or Birmingham City Council (BCC). **Schools should amend according to individual context.**

including admitting 'new' pupils		outcomes through a Pupil Movement Form) and wider cohort data returns. <ul style="list-style-type: none"> • Ensure speedy admission of children in the relevant year groups particularly those more vulnerable children. (added in v2) • XXX pupils risk assessed and discussed at regular SEND, ISEY or Fair Access panel. Any issues addressed through SLT and in discussion with families. LA support for individual or complex cases. 		and admissions criteria applied if/when a place becomes available	
Nursery School (NS) and Nursery Classes (NC) lose focus on continuing to apply termly admissions process including admitting 'new' pupils	LOW	<ul style="list-style-type: none"> • Review EEE termly admissions process • Funding questions are emailed to NEF@Birmingham.gov.uk (added in v2) • Ensure key school contact and related resources in place • Ensure parental declarations are completed and signed each term • XXX pupils risk assessed and discussed at regular SEND, ISEY or Fair Access panel. Any issues addressed through SLT and in discussion with families. LA support for individual or complex cases. 	Yes	Admissions process continues to be followed, places offered etc	LOW
2. Plan how the whole school will be accommodated and encourage attendance					
Plans are not in place to identify number of classrooms and additional furniture or social distancing measures for each year group	LOW	<ul style="list-style-type: none"> • SLT and site management team meeting to review school site and specify entry/exit points and classroom use • XXX maximum number of children and staff that can be accommodated in school on any given day with a teacher per 'bubble' • XXX designated classrooms being fully utilised for each year group and reorganised to allow front facing desks. • Reduced contact between groups. • Furniture items to be arranged to be front facing (may need to acquire additional more suitable furniture e.g. replacing round tables with front facing desks) and to enable distance between teaching staff and pupils. • XXX of unused classrooms that could be utilised 	Yes	Government guidance states no need for social distancing within bubbles (a bubble = a year group for us) Entrance/Exit , 1 way system and drop off/waiting zones clearly identified. Staggered drop off and pick up times to ease congestion.	LOW

1

This is a model risk assessment based on initial Government guidelines on COVID-19 as at 02/07/2020 and remains subject to change at short notice as updates are received from the Department for Education (DfE) or Birmingham City Council (BCC). **Schools should amend according to individual context.**

		<p>coronavirus (COVID-19). Schools should contact the local health protection team. This team will also contact schools directly if they become aware that someone who has tested positive for coronavirus (COVID-19) attended the school – as identified by NHS Test and Trace.</p> <ul style="list-style-type: none"> • The health protection team will carry out a rapid risk assessment to confirm who has been in close contact with the person during the period that they were infectious, and ensure they are asked to self-isolate. • The health protection team will work with schools in this situation to guide them through the actions they need to take. Based on the advice from the health protection team, schools must send home those people who have been in close contact with the person who has tested positive, advising them to self-isolate for 10 days since they were last in close contact with that person when they were infectious. Close contact means: <ul style="list-style-type: none"> • direct close contacts - face to face contact with an infected individual for any length of time, within 1 metre, including being coughed on, a face to face conversation, or unprotected physical contact (skin-to-skin) • proximity contacts - extended close contact (within 1 to 2 metres for more than 15 minutes) with an infected individual • travelling in a small vehicle, like a car, with an infected person • The health protection team will provide definitive advice on who must be sent home. To support them in doing so, we recommend schools keep a record of pupils and staff in each group, and any close contact that takes places between pupils and staff in different groups (see section 5 of system of control for more on grouping pupils). This should be a proportionate recording process. Schools do not need to ask pupils to record everyone they have spent time with each day or ask staff to keep definitive records in a way that is overly burdensome. • Household members of those contacts who are sent home do not need to self-isolate themselves unless the child, young person or staff member who is self-isolating subsequently develops symptoms. If someone in a class or group that has 		<p>parents for up to date immediate contact details</p>	
--	--	--	--	---	--

		<ul style="list-style-type: none"> For schools who do not subscribe to the service from the council's safety team and where the council is not the employer of staff you will need to check with your employer and/or provider of safety support regards your arrangements for undertaking RIDDOR reports and how coronavirus is reported (for those cases meeting the HSE defined criteria). 			
Arrangements to isolate individuals displaying symptoms of COVID-19 are not in place	LOW	<ul style="list-style-type: none"> School's medical room/space has been assessed to ensure social distancing and isolation measures are not compromised For very young children there is a designated area available where a key person can continue to support the child away from the rest of the group until collection by parent/carer. Additional rooms are designated for pupils with suspected COVID-19 whilst collection is arranged. Procedures are in place for medical rooms or other spaces to be cleaned after suspected COVID-19 cases, along with other affected areas, including toilets. Isolated individuals should be in rooms where door can be closed (age permitting of child) and with windows for ventilation. PPE to be used for accompanying staff where pupil symptomatic and 2m distance cannot be sustained. Isolation for pupils and staff in residential settings should be within the residential setting. Please refer to the follow dedicated guidance: https://www.gov.uk/government/publications/coronavirus-covid-19-guidance-on-isolation-for-residential-educational-settings/coronavirus-covid-19-guidance-on-isolation-for-residential-educational-settings 	Yes	<ul style="list-style-type: none"> PPA room to be used for isolating KS2 pupils Staffroom for isolating KS1 and reception and nursery children PPE available for supervising staff <p>Emphasise on keeping 2m apart</p>	LOW
14. Plan for personal protective equipment for staff providing intimate care for any children and young people and for cases where a child becomes unwell with symptoms of coronavirus and needs direct personal care until they can return home					
Provision of PPE for staff where required is not in line with government	LOW	<ul style="list-style-type: none"> Government guidance on wearing PPE is understood and communicated. Read the guidance on safe working in education, childcare and children's social care for more information about preventing and controlling infection and use of 	Yes	Detailed communication re PPE	LOW

This is a model risk assessment based on initial Government guidelines on COVID-19 as at 02/07/2020 and remains subject to change at short notice as updates are received from the Department for Education (DfE) or Birmingham City Council (BCC). **Schools should amend according to individual context.**

guidelines		<p>PPE.</p> <ul style="list-style-type: none"> • Sufficient PPE has been procured through normal stockist • PPE requirements for individual pupils and staff have been risk assessed and sourced through normal stockist • Those staff required to wear PPE (e.g. SEND intimate care; receiving/handling deliveries; cleaning staff) have been instructed on how to put on and how to remove PPE carefully to reduce contamination and how to dispose of them safely. • Staff are reminded that wearing of gloves is not a substitute for good handwashing. • Avoid face to face contact and minimise interaction under 1m with young pupils, except for those with complex needs • Seek LA support for emergency PPE stock • Appropriate measures are taken on the cleaning of reusable PPE items in line with guidance 		<p>PPE available in each classroom for First Aid purposes</p> <p>Additional PPE available to staff as required ie visors to use when marking etc</p> <p>Face masks/visors are work when in shared areas and corridors in school and when marking work with children in KS2</p> <p>Parents requested to wear face coverings when on school grounds (Oct 2020)</p>	
PPE provision is not in place for staff providing intimate care and for cases where a child becomes unwell with symptoms of coronavirus and needs direct personal care until they can return home	LOW	<ul style="list-style-type: none"> • Requirements for PPE have been assessed in line with DfE guidelines and Public Health Birmingham scenarios • Sufficient stock has been ordered using school's usual suppliers • Arrangements to seek LA support to obtain PPE in case of an emergency are known and in place • Health and safety governors are satisfied that arrangements are in place and in line with DfE guidelines 	Yes	PPE ordered and available in each classroom– gloves, visors, masks, aprons, additional vomit kits etc	LOW

This is a model risk assessment based on initial Government guidelines on COVID-19 as at 02/07/2020 and remains subject to change at short notice as updates are received from the Department for Education (DfE) or Birmingham City Council (BCC). **Schools should amend according to individual context.**

15. Managing premises related issues					
<p>There is no agreed approach to any scheduled or ongoing building works therefore contractors on-site whilst school is in operation may pose a risk to social distancing and infection control</p>	LOW	<ul style="list-style-type: none"> • Ongoing works and scheduled inspections for schools (e.g. estates related) have been designated as essential work by the government and so are set to continue. • An assessment has been carried out to see if any additional control measures are required to keep staff, pupils and contractors safe including distancing and hygiene procedures. • Assurances have been sought from the contractors that they are familiar with the <u>symptoms associated with Coronavirus covid-19</u>, all staff attending the setting will be in good health (symptom-free) and that contractors have procedures in place to ensure effective social distancing is always maintained. • Alternative arrangements have been considered such as using a different entrance for contractors and organising classes so that contractors and staff/pupils are kept apart. • Social distancing is being maintained throughout any such works and where this is not possible arrangements are reviewed. • In addition to arrangements for COVID-19, normal contractor procedures are being applied and have been updated considering COVID-19 (including contractor risk assessments and method statements, and contractor induction), including contractors who works across sites or schools. • Premises governing board committee is aware of planned works and associated risk assessments • Where BCC is the building owner the <i>landlord approval process</i> has been undertaken when required i.e. any works likely to disturb the fabric of the building 	Yes	<p>Site manager to schedule any essential work and take into account social distancing and communicate school procedures to anyone visiting the site</p> <p>Contact details taken of any visitors to school site</p>	LOW
<p>Fire procedures are not appropriate to cover new arrangements</p>	LOW	<ul style="list-style-type: none"> • Fire procedures have been reviewed and revised where required, due to: <ul style="list-style-type: none"> ○ Reduced numbers of pupils/staff ○ Possible absence of fire marshals - absent fire marshals to be replaced with trained substitutes 	Yes	<p>Amended fire safety procedures in place to enable social distancing. Plans shared with</p>	LOW

This is a model risk assessment based on initial Government guidelines on COVID-19 as at 02/07/2020 and remains subject to change at short notice as updates are received from the Department for Education (DfE) or Birmingham City Council (BCC). **Schools should amend according to individual context.**

		<ul style="list-style-type: none"> ○ Social distancing rules during evacuation and at muster points ○ Possible need for additional muster point(s) to enable social distancing where possible • Staff, pupils and governors have been briefed on any new evacuation procedures. • Incident controller and fire marshals have been trained and briefed appropriately. • Fire drill arranged in line with Covid plan. 		<p>staff Practice first full week back and October</p>	
Fire evacuation drills - unable to apply social distancing effectively	LOW	<ul style="list-style-type: none"> • Plans for fire evacuation drills are in place and are in line with social distancing measures, with marked areas if required 	Yes	See above	LOW
Fire marshals absent due to self-isolation	LOW	<ul style="list-style-type: none"> • An additional staff rota is in place for fire marshals to cover any absences and staff have been briefed accordingly. • Staff appropriately trained in fire marshal duties as required. 	Yes	<p>SLT and office staff are fire marshals and all are due to be in school. Procedures to be reviewed and roles reallocated in light of absence</p>	LOW
Statutory compliance has not been completed due to the availability of contractors during lockdown	LOW	<ul style="list-style-type: none"> • All statutory compliance is up to date. • Where water systems have not been maintained throughout lockdown, chlorination, flushing and certification by a specialist contractor has been arranged. Water system checks and actions to be undertaken prior to wider opening. • LA support is in place 	Yes	All up to date	LOW
The costs of additional measures and enhanced services to address COVID-19 when reopening puts the school in financial	MED	<ul style="list-style-type: none"> • Additional cost pressures due to COVID-19 identified and an end-of-year forecast which factors them in has been produced. • LA or Trust finance team has been consulted to identify potential savings in order to work towards a balanced budget. • Additional COVID-19 related costs are under monitoring and options for reducing costs over time and as guidance changes are under review. 	Yes	<p>Virtual governing body meeting continue Finances shared, budget agreed and procedures continue to be monitored and</p>	MED

This is a model risk assessment based on initial Government guidelines on COVID-19 as at 02/07/2020 and remains subject to change at short notice as updates are received from the Department for Education (DfE) or Birmingham City Council (BCC). **Schools should amend according to individual context.**

difficulty		<ul style="list-style-type: none"> • Additional sources of income are under exploration. • The school's projected financial position has been shared with governors and LA or trust. • NS/NC are aware of financial support available to support sustainability 		<p>effectively maintained in line with the academies financial handbook</p> <p>Accounts completed, to be shared with full GB Dec.</p>	
16. Ensure you have considered the impact on staff and pupils with protected characteristics including race and disability in developing you approach					
<p>Considerations</p> <ul style="list-style-type: none"> • Nationally the ONS analysis has identified an increased risk of death among some ethnic groups, although this increased risk reduces when age, gender and long term conditions like type 2 diabetes, high blood pressure and kidney disease, but doesn't disappear completely and further research is needed to explore this. • There doesn't appear to be any different between in ethnic groups in terms of infection rates, i.e. who catches it, the difference is in the proportion who die. • In light of this it is important for risk assessments of individuals, staff and pupils, take this into account, the main risks are around health conditions such as diabetes, kidney disease and high blood pressure, especially if poorly controlled and also obesity has been identified as a significant risk factor. The risk of death is also higher in older people over 65yrs and men have a slightly higher rate than women. Those with respiratory conditions like asthma and chronic obstructive pulmonary disease also pose higher risks, along with auto-immune conditions. Smoking can also exacerbate the disease and lead to poorer outcomes • The NHS risk assessment suggests BAME individuals have a higher risk at a younger age, so as a rough guide consider a BAME 55yr old's risk in the same way you would consider White 65yrs old, but the biggest risk factor is existing health conditions. • Once risks are identified then it would be sensible to work with your occupational health provider on how then to look at adjustments and whether staff can, for the remainder of term, support remote teaching or telephone support roles. This assessment will need to be on a case by case basis. • It is less clear cut for children who are living in households with other vulnerable adults or siblings, however it is worth noting that the risk is less from younger children than older children and can be reduced through good hand hygiene. This however will be a decision that parents will need to make individually based on their personal circumstances. 					

This is a model risk assessment based on initial Government guidelines on COVID-19 as at 02/07/2020 and remains subject to change at short notice as updates are received from the Department for Education (DfE) or Birmingham City Council (BCC). **Schools should amend according to individual context.**

Measures have not been put in place to protect staff and pupils with underlying health issues, BAME staff	LOW	<ul style="list-style-type: none"> • An equality impact assessment is undertaken for staff and pupils • All members of staff and parents of pupils with underlying health issues, those within vulnerable groups have been instructed to make their condition or circumstances known to the school, and members of staff with children who cannot attend school/nursery/childminder etc are supported. (added in v3) • Records are kept and regularly updated e.g. check children and staff who have identified as having asthma have up to date care plans. • Members of staff and parents of pupils with underlying health conditions have been asked to seek and act on the advice of their GP/consultant/midwife or current government advice. • Staff and parents of pupils are clear about the definitions and associated mitigating strategies relation to people who are classed as clinically vulnerable and clinically extremely vulnerable. • All staff who were clinically extremely vulnerable and received a letter should not attend work but can work from home if possible. Advice for those who are clinically extremely vulnerable can be found in the following guidance. • Current government guidance is being applied. • Consider advice from Public Health England regarding BAME staff in section above. • Seek advice from Occupational Health Service <ul style="list-style-type: none"> • Those who are clinically extremely vulnerable should not attend school and should remain at home and continue with on-line education. • Pupils who are classed as vulnerable will continue to access face to face learning on the school site if required. • Those who are clinically extremely vulnerable should not attend work, and must work from home. • If they can't work from home they must look at alternative financial assistance. • A risk assessment must be put in place (see separate risk assessment) • Advice for those who are clinically-vulnerable, including 	Yes	Business manager has contacted staff individually re health or childcare issues Staff with underlying health conditions are shielding and working from home. No expectation to be on site Individual conversations with concerned staff and families Risk assessments carried out for individual cases including pregnant staff CEV staff working from home Nov 2020	LOW

		<p>pregnant women, is available.</p> <ul style="list-style-type: none"> • School leaders should be flexible in how those members of staff are deployed to enable them to work remotely where possible or in roles in school where it is possible to maintain social distancing. • People who live with those who are clinically extremely vulnerable or clinically vulnerable can attend the workplace. 			
Staff, particularly those from BAME heritage, are reluctant to attend school due to the media coverage on deaths related to coronavirus.	LOW	<ul style="list-style-type: none"> • No. of BAME staff • No. of BAME staff assessed as clinically vulnerable and requiring to remain at home • No. of BAME staff able to return but requiring additional support • Staff are encouraged to focus on their wellbeing. • Line managers are proactive in discussing wellbeing with the staff that they manage, including their workload. • Staff briefings and training have included content on wellbeing. • Staff briefings/training on wellbeing are provided. • Staff have been signposted to useful websites and resources. 	Yes	Open door policy for any staff concerns	LOW
Parents, particularly those from BAME heritage, are reluctant to send their children to school due to the media coverage on deaths linked to coronavirus	LOW	<ul style="list-style-type: none"> • No of BAME pupils • No of BAME pupils risk assessed as clinically extremely vulnerable and requiring to remain at home • No of BAME pupils able to return but requiring additional support • There are enough numbers of trained staff available to support pupils and parents with these anxieties. • There is access to designated staff for all pupils and parents who wish to talk to someone about their wellbeing and anxieties about attending school • School arrangements demonstrating social distancing measures are shared with parents and pupils • Resources/websites to support parent and pupil anxiety are provided. 	Yes	Individual conversations with concerned parents and families	LOW
Parents do not follow advice on social distancing	MED	<ul style="list-style-type: none"> • Visitors (including parents/carers) to the school may be restricted to one area, or to an allocated appointment time • Arrangements for visiting the school are communicated to 	Yes	One way system in place for pick up and drop off. Parents to be	LOW

This is a model risk assessment based on initial Government guidelines on COVID-19 as at 02/07/2020 and remains subject to change at short notice as updates are received from the Department for Education (DfE) or Birmingham City Council (BCC). **Schools should amend according to individual context.**

when visiting the school		parents/carers Expectations around hygiene and social distancing are communicated with parents/carers including drop-off/pick-up time to reduce gatherings		encouraged/reminded about social distancing Parents to enter school by appointment only with a face mask. Additional requirement for parents to wear masks when on school grounds. Oct 2020. Extended social distancing measures on entrance and exit of school grounds. One way system extended to external pathways and roads around school	
17. Work with other school-based provision as necessary e.g. nursery SEN unit to ensure policies are aligned where they need to be					
Existing policies on safeguarding, health and safety, fire evacuation, medical, behaviour, attendance and other policies are no longer fit for purpose in the current circumstances	LOW	<ul style="list-style-type: none"> • All relevant policies have been revised to take account of government guidance on social distancing and COVID-19 and its implications for the school. • Staff, pupils, parents and governors have been briefed accordingly. • Arrangements are in place to review the policies in line with further DfE guidance on Early Years, SEN resource base, post 16 etc. • Reference to an addendum for the BCC Model Safeguarding Policy. A new safeguarding model needs to be adopted from September 2020. Link added in v3. 	Yes	Covid appendix added to Behaviour policy Detailed H&S risk assessments provided by our H&S provider and tailored to our school Home School Covid agreement communicated to all parents, children and staff	LOW

This is a model risk assessment based on initial Government guidelines on COVID-19 as at 02/07/2020 and remains subject to change at short notice as updates are received from the Department for Education (DfE) or Birmingham City Council (BCC). **Schools should amend according to individual context.**

				Governors ratified Safeguarding Policy Sept 2020	
Risks are not comprehensively assessed in every area of the school, including nursery and resource base if applicable, considering COVID-19,	LOW	<ul style="list-style-type: none"> • Risk assessments are updated or undertaken before the school reopens and mitigation strategies are put in place and communicated to staff covering: <ul style="list-style-type: none"> ○ Different areas of the school including any Early Years and Resource Base provision ○ When pupils enter and leave school ○ During movement around school ○ During break and lunch times ○ Delivering aspects of the curriculum, especially for practical subjects and where shared equipment is used 	Yes	<p>Detailed H&S risk assessments provided by our H&S provider and tailored to our school</p> <p>Nursery included in school building and school risk assessments.</p> <p>Early years guidance will be followed</p>	LOW
18. Home to School Transport					
<p>Urban Transport Group released a briefing (27 May) urgently requesting the Government to lead joined-up dialogue between the education and transport sectors on how best to resolve the operational challenges and to meet the full additional transport costs of the return to schools and colleges.</p> <p>Keys points include:</p> <ul style="list-style-type: none"> • Promote the use of sustainable travel and transport (i.e. modes that improve physical wellbeing for users and/or environmental quality) for journeys to and from education and training establishments for children and young people or compulsory school age in the local authority area. • As part of their overarching role to keep cities regions moving in a manner that protects health, the environment and quality of life, transport authorities also have an interest in ensuring that the return to school and college does not create congestion, contribute to air pollution or pose a risk in terms of the health and safety of children and their parents or of transport staff and the wider public, including passengers travelling on mainstream routes that serve schools. • In line with this, transport authorities will be looking to ensure that children are able to safely walk, cycle or scoot to school where possible. Indeed, in normal times, transport authorities invest considerable resources in promoting mode shift for school transport and in supporting and training children to travel safely and sustainably. <p>The need to encourage children to walk, cycle or scoot to school sitting alongside the risks posed by a rise in speeding and other dangerous driving on empty roads. http://www.urbantransportgroup.org/resources/types/briefings/transport-challenges-return-schools-and-colleges-following-easing-</p>					

This is a model risk assessment based on initial Government guidelines on COVID-19 as at 02/07/2020 and remains subject to change at short notice as updates are received from the Department for Education (DfE) or Birmingham City Council (BCC). **Schools should amend according to individual context.**

<u>covid-19</u>					
Pick up and drop off times	MED	<ul style="list-style-type: none"> As per <u>Government guidance</u>: <i>tell parents that if their child needs to be accompanied to the education or childcare setting, only one parent should attend</i> <i>tell parents and young people their allocated drop off and collection times and the process for doing so, including protocols for minimising adult to adult contact (for example, which entrance to use)</i> <i>make clear to parents that they cannot gather at entrance gates or doors, or enter the site (unless they have a pre-arranged appointment, which should be conducted safely)</i> <i>talk to staff about the plans (for example, safety measures, timetable changes and staggered arrival and departure times), including discussing whether training would be helpful</i> <p>In addition:</p> <ul style="list-style-type: none"> Consider opening school gates earlier so parents can socially distance on the playground Stagger start and finish times to ease pavement congestion Consider the use of simple signage to highlight the need for social distancing: stickers (could be customised versions e.g. using pupils' designs) or simple spray, tape or chalk markings. Organised queuing and boarding of vehicles and distancing within vehicles wherever possible. Consideration of emergency school streets measures as identified in the <u>Emergency Birmingham Transport Plan</u> including Car Free School Streets, parking restrictions and reducing speed limits. If appropriate, consider putting into a place one-way pedestrian system on the street surrounding the school with determined entrance and exits for classrooms and areas of the school. Pupils/staff must wash their hands/use hand sanitiser on boarding and on arrival (as is the case for all pupils), dispose of temporary face coverings in a covered bin or place reusable face coverings in a plastic bag they can take home with them, 	Yes	Pick up and drop off times to be staggered to ease 'traffic and congestion' around school Waiting zones clearly demarcated with socially distances spots Playtimes and lunchtimes to be staggered One way system implemented to ease thoroughfare around school Additional oneway signs purchased	LOW

This is a model risk assessment based on initial Government guidelines on COVID-19 as at 02/07/2020 and remains subject to change at short notice as updates are received from the Department for Education (DfE) or Birmingham City Council (BCC). **Schools should amend according to individual context.**

		<p>and then wash their hands again before heading to their classroom.</p> <ul style="list-style-type: none"> Additional cleaning of designated school transport. 			
Children arriving late as a result of journey to school	LOW	<ul style="list-style-type: none"> As per Government guidance: <ul style="list-style-type: none"> Children, young people and parents are encouraged to walk or cycle where possible ensure parents and young people are aware of recommendations on transport to and from education or childcare setting (including avoiding peak times). Read the Coronavirus (COVID-19): safer travel guidance for passengers ensure that transport arrangements cater for any changes to start and finish times In addition: <ul style="list-style-type: none"> Advise parents/carers to use various modes of transport including driving to school being mindful of the need to socially distance around the school safely. Encourage walking, cycling or scooting to their education setting where possible. Identify possible park and stride sites - parents and others who do have to drive can then park (legally) nearby and walk the last part of their journey. Drivers should be advised to anticipate more pedestrians and cyclists than usual, restrict speeds and avoid parking on (or partially on) pavements. If travelling by public transport: check website or live bus app for revised timetables before travel; try to keep 2 metres away from people not in their household while waiting in the queue; carry and use hand sanitiser; wear a face covering if they can; sit in the window seat, leaving the seats in front and behind empty. For further information and guidance visit: https://nxbus.co.uk/west-midlands/news/stay-safe-when-travelling-with-us Use Modeshift STARS to review and update school travel plan considering both staff and pupil travel. Communicate 	Yes	<p>15 minute drop off time slot plus extra time for nursery children and families</p> <p>Procedure in place for the admittance of children arriving late – communicated to parents</p> <p>Parent travel arrangements to be highlighted in regular newsletters</p> <p>Closure of additional parking for parents to use in local social club communicated, due to lockdown Nov 2020</p>	LOW

This is a model risk assessment based on initial Government guidelines on COVID-19 as at 02/07/2020 and remains subject to change at short notice as updates are received from the Department for Education (DfE) or Birmingham City Council (BCC). **Schools should amend according to individual context.**

		<ul style="list-style-type: none"> revised travel plans clearly to contractors, BCC and parents. Consider using social media messaging to inform the local community that parents/pupils may be travelling at specific times in order to avoid pavement congestion. For further information and guidance regarding any of the above points see: www.birmingham.gov.uk/modeshiftstars or contact: connected@birmingham.gov.uk. For information regarding home to school travel contact: Mark.Hudson@birmingham.gov.uk 			
Transport capacity for pupils with EHCP attending special schools and resource bases is insufficient	LOW	<ul style="list-style-type: none"> Schools' individual requirements are discussed with Home to School Transport to prepare for full return. From the autumn term, local authorities will not be required to uniformly apply the social distancing guidelines for public transport, on dedicated school or college transport. Schools are aware of the proposed routes and vehicle allocations for September opening Travel Assist and Schools will inform parents confirming the transport arrangements well before September opening Parents offered Personal Transport budgets temporarily, to relieve the pressure on the transport providers 	Yes	Conversations will take place if necessary	LOW
Travel anxiety for new starters to secondary school	MED	<ul style="list-style-type: none"> West Midlands Police have put together some resources to help students feel confident to travel and how to behave responsibly and safely while travelling to and from school. The resources can be covered in class or as an independent activity for students to complete at home. <u>All are available via this link.</u> Public transport capacity will continue to be constrained in the autumn term. Its use by pupils, particularly in peak times, should be kept to an absolute minimum. Further information on managing capacity and demand on <u>public transport is set out in the transport to school and other places of education: autumn term 2020</u> guidance. 	Yes	Y6 transition work has taken place Summer 2020	MED
