Introduction

The government plan is for the full return of all pupils from March 2021 (updated in line with government guidance from February 2021): <https://www.gov.uk/government/publications/actions-for-schools-during-the-coronavirus-outbreak/guidance-for-full-opening-schools>

This document has been refreshed from its previous iterations. Any hyperlinks will be identified by underlining.

Much of the content in this guidance will be familiar to you, as it replicates what was in place for the autumn term. Specific changes include:

- use of face coverings in classrooms for secondary age pupils and staff
- mandatory attendance expectations in different school phases
- arrangements for testing of pupils and staff
- current expectations for clinically extremely vulnerable pupils and staff
- curriculum expectations
- elective home education
- exams

School employers and leaders are required by law to think about the risks the staff and pupils face and do everything reasonably practicable to minimise them, recognising they cannot eliminate the risk of coronavirus (COVID-19). School employers must therefore make sure that a risk assessment has been undertaken to identify the measures needed to reduce the risks from coronavirus (COVID-19) so far as is reasonably practicable and make the school COVID-secure. General information on how to make a workplace COVID-secure, including how to approach a coronavirus (COVID-19) risk assessment, is provided by the [HSE guidance on working safely](#).

We recommend all school leaders and staff members to regularly review the latest information produced by Public Health:

https://www.birmingham.gov.uk/COVID-19_schools_faqs.

The latest checklist and flowchart can be found here for guidance on dealing with suspected or confirmed cases within staff or pupil cohorts, and their contacts: https://www.birmingham.gov.uk/downloads/download/3527/public_health_flowchart_for_schools

This risk assessment checklist/tool is based on Government guidelines on COVID-19. It is provided to help schools to prepare and decide arrangements for an increased number of children attending/returning to school. It remains subject to change at a short notice as updates are received from the Department for Education (DfE) or Birmingham City Council (BCC). [EYFS guidance](#) should be considered for Nursery Schools and Nursery Classes. Additional guidance for [Special Schools](#) (and specialist provision) should also be considered as appropriate.

Any updates to the previous Risk Assessment template going forward will be identified in the version control table from p7 onwards.

The completion of this tool/checklist should not be undertaken in isolation by one individual and should involve staff who understand the risk assessment process. Once completed, the risk assessment should be shared with the school's workforce. If possible, schools should consider publishing it on their

website to provide transparency of approach to parents, carers and pupils (HSE would expect all employers with over 50 staff to do so). A risk assessment should be updated and revisited regularly.

Risk assessment is about identifying reasonably practicable measures to control the risks in a workplace or when undertaking an activity. The process evaluates the threats and risks of a specified issue/situation and enables the likelihood that somebody could be harmed, together with an indication of how serious the harm could be, to be considered.

Likelihood - For each issue/situation, determine the likelihood it will occur.

Severity (outcome) - **determine** the potential injury/health.

Likelihood	Severity
4 = Certain = common or frequent occurrence	4 = Major risk - death, loss of limbs, etc
3 = Probable = likely to occur sometime	3 = High risk - broken bones, burns, etc
2 = Possible = may occur sometime	2 = Moderate risk - cuts, bruises, sickness, etc.
1 = Improbable = unlikely to occur	1 = Minimal risk - strain, shaken, no injury, etc

The matrix (below) provides a method to determine the level of risk, with the Likelihood and Severity being independently scored and plotted.

RISK LEVEL MATRIX					
PROBABILITY (LIKELIHOOD)	4	Low	High	Very High	Very High
	3	Low	Med	High	Very High
	2	Low	Low	Med	High
	1	Low	Low	Low	Low
		1	2	3	4
		SEVERITY (OUTCOME)			

Once the likelihood and severity of the risk have been assessed they are plotted on the risk profiling grid above and the risk rating defined e.g. If a risk has a likelihood of 3 – Likely and a severity of 1 – Minimal, the risk rating will be $3 \times 1 = 3$. This would mean the risk is low and arrangement would be adequate. Example as follows:

Issue/Area to be addressed (Potential Hazard)	Current Control Measures Good Practice Control Measures Adopted	In place (Yes/No)	Further action/ Comments	Final Risk Rating
Example: Slips, trips and falls <i>There are smooth surfaces and tripping hazards around the school site with the potential to cause persons to fall over injuring themselves with multiple injuries.</i>	<ul style="list-style-type: none"> • <i>Cleaning regime in place.</i> • <i>Correct safe substance used for surfaces.</i> • <i>Signage available.</i> • <i>Cleaners have received training.</i> • <i>Introduce hazard reporting system and ensure that staff are aware of school H&S Policy.</i> • <i>Undertake specific risk assessment on snow and ice.</i> • <i>Remove all trailing cables in admin office.</i> 	Y	Review arrangements for new staff i.e. ensure the H&S policy to shared /communicated	3x1=3 Low

Version No.	Page – Edits (page numbers correct at point of publication of that version)	Published
1	Original	26/02/2021
2	Pg 14 – change to guidance re staff wearing face masks	15/5/21
	Pg 19 - parents are no longer required to wear face masks for drop off/pick up	15/5/21

This is a model risk assessment based on initial Government guidelines on COVID-19 as at February 2021 and remains subject to change at short notice as updates are received from the Department for Education (DfE) or Birmingham City Council (BCC). Schools should amend according to individual context. Please contact eds.enquiries@birmingham.gov.uk if you are experiencing accessibility issues with the document.

Area of concern to be addressed	Current risk rating	Control measures Good Practice Control Measures Adopted	In place? (Yes/No)	Further action/ Comments	Final risk rating
1. Identify numbers of pupils returning and staffing resource					
Lack of certainty over returning numbers	LOW	<ul style="list-style-type: none"> • Planning for full attendance of all year groups and complete the daily DfE attendance return. • Good record keeping for attendance. Collaboration between schools where a child routinely attends more than one site or setting. • Phased return arrangements in place for secondary aged pupils to accommodate onsite LFD testing for 8th March start. • Vulnerable, critical workers and year groups 10 – 13 are prioritised for onsite LFD testing. • Arrangements are in place to carry out 3 tests (3 to 5 days apart) upon return to school. • Testing is voluntary and requires consent. • Sufficient access/supply is available to carry out the 3 tests at school for each pupil. • Home testing arrangements for pupils are understood and communicated to parents/carers (to commence bi-weekly after the 3 tests at school). • Children aged 11 attending a secondary school should be tested by an adult. Adolescents aged 12 to 17 should self-test and report with adult supervision. The adult may conduct the test if necessary. Pupils aged 18 and over should self-test and report the result, with assistance if needed. • Staff, pupils and families are clear on reporting arrangements following the outcome of the tests. Pupils should share their result, whether void, positive or negative, with their school to help with contact tracing. Pupils with positive tests will need to self-isolate. • Arrangements are in place for pupils testing positive in school to be isolated until they are collected from school by a member of their family or household (travel on public transport is not 	Yes	Parent questionnaire competed to identify potential concerns regarding children's return to school. Fortnightly phone calls and additional contacts to discuss parental concerns. Outside agency support for children with additional needs Inclusion manager aware of individual needs and support provided for returning families	LOW

This is a model risk assessment based on initial Government guidelines on COVID-19 as at February 2021 and remains subject to change at short notice as updates are received from the Department for Education (DfE) or Birmingham City Council (BCC). Schools should amend according to individual context. Please contact eds.enquiries@birmingham.gov.uk if you are experiencing accessibility issues with the document.

		<p>advised). In exceptional circumstances, if parents or carers cannot arrange to have their child collected, if age-appropriate and safe to do so the child should walk, cycle or scoot home following a positive test result. If this is not possible, alternative arrangements may need to be organised by the school.</p> <ul style="list-style-type: none"> • Good record keeping on testing within school and with PH. • Support for pupil/parent anxiety about return to school whilst enforcing mandatory attendance (testing is voluntary and requires consent). • Children whose doctors have confirmed they are still clinically extremely vulnerable are advised not to attend school and arrangements should be made to continue education at home. <u>A copy of letter has been issued and can be requested from parents.</u> Children who live with someone who is clinically extremely vulnerable, but who are not clinically extremely vulnerable themselves, should still attend school. • Requests for support for vulnerable families sent through Early Help Hubs and individual pupil risk assessments carried out. Efforts continue to improve the attendance of vulnerable pupils and those from disadvantaged backgrounds. • Parents who have opted to home educate their child should be encouraged to send their children to school, particularly those who are vulnerable. • Any specialist equipment required is returned to school site. Additional equipment is made available to support return if required. • Some pupils with SEND will need specific help and preparation for the changes to routine that this will involve, so teachers and special educational needs coordinators should plan to meet these needs, for example using social stories. More information on pupils with education, health and care plans can be found in Section 8 of the <u>guidance for special schools.</u> • Home to School transport in place where required. • Preparedness to implement Test and Trace as set out the latest guidance. 			
--	--	--	--	--	--

<p>Number of staff available is lower than that required to teach classes in school (<i>cross reference with risk assessment on staff health and wellbeing</i>)</p>	<p>MED</p>	<ul style="list-style-type: none"> • The health status and availability of every member of staff is known and is regularly updated. Including all teaching and non-teaching staff (EY practitioners, DSL, SENCO, Paediatric 1st Aid (for under 2-year olds)/ 1st Aider or emergency 1st aid for children 3-5 years, domestic/kitchen staff etc. • CEV staff are advised not to attend the workplace and should continue to shield after vaccination (until guidance is changed). • Those living with someone who is CEV can still attend work where home working is not possible. • Full use is made of those staff who are isolating but who are well enough to teach lessons remotely. • Consideration of staffing changes to cover absence. • You may need to alter the way in which you deploy your staff and use existing teaching and support staff more flexibly. Use of teaching assistants and pastoral staff to supervise classes. • A blended model of home learning and attendance at school is utilised until staffing levels improve. • If your school is struggling with a shortfall in staffing and this may be more likely for infant schools, you will need to consider possible solutions with your local authority and/or trust. • Contingency planning with LA is in place and additional resource identified, for example bringing additional teachers in to help, for example supply teachers, teachers on temporary agreed loan from other schools, or teachers provided by your trust or local authority (considering the guidance about consistent staffing across the week). Using some senior leadership time to cover groups if this is manageable. • Maintain distinct groups or 'bubbles' that do not mix to identify those who may need to self-isolate quicker and to keep that number as small as possible. • 'Bubbles' of an appropriate size are implemented (and under review) to achieve the greatest reduction in contact and mixing. Make sure this will not affect the quality and breadth of teaching or access for support and specialist staff and therapists. Staff including temporary/supply/peripatetic personnel can move across different classes and other year groups minimising 	<p>Yes</p>	<p>Staff who are shielding are remaining at home until further notice. Working from home.</p> <p>Individual risk assessment completed for pregnant staff.</p> <p>Additional staff available to cover PPA</p> <p>TAs are paid a cover point and therefore able to cover classes within their year group bubble if required</p> <p>Year group bubbles of 60 in place for break and lunchtimes</p> <p>Main Bubble size is 30 for most learning</p> <p>Foxes wrap around care to operate with limited mixed phase groups</p> <p>All staff and visiting staff offered to undertake LFT</p> <p>Current school staff deployed to provide support for children when needed</p> <p>Peripatetic risk assessments completed</p>	<p>LOW</p>
--	------------	--	------------	--	------------

This is a model risk assessment based on initial Government guidelines on COVID-19 as at February 2021 and remains subject to change at short notice as updates are received from the Department for Education (DfE) or Birmingham City Council (BCC). Schools should amend according to individual context. Please contact eds.enquiries@birmingham.gov.uk if you are experiencing accessibility issues with the document.

		<p>contact and maintaining as much distance from other staff as possible.</p> <ul style="list-style-type: none"> • To minimise the numbers of temporary staff entering the school premises, schools may wish to use longer assignments with supply teachers and agree a minimum number of hours across the academic year. • Schools should ensure that appropriate support is made available for pupils with SEND as well as pupils isolating at home or considered to be clinically extremely vulnerable. Consider deploying teaching assistants and enabling specialist staff from both within and outside the school to work with pupils in different classes or year groups. • Home testing for school staff is communicated in line with the latest guidance. 			
For special schools, specialist post-16, alternative provision and hospital schools	NA	<ul style="list-style-type: none"> • All pupils risk assessed and discussed at panel. Pupil level risk assessments could be helpful to prioritise the provision a child or young person can get if full-time provision for all is not possible. • On site and remote learning arrangements in place for each pupil. • Home to school transport mitigations in place. • Specialist equipment returned to school/additional equipment made available to support return. • XXX number of children remain shielded at home. • Efforts continue to improve the attendance on site of vulnerable pupils and those from disadvantaged backgrounds, working with families and social workers. • Hospital schools should continue to provide full-time education where it is safe and feasible to so, in line with hospital infection prevention and control (IPC) measures • Alternative arrangements for delivering provision should be considered on a case-by-case basis which takes account of the needs of, and circumstances specific to, the child or young person, avoiding a 'one size fits all' approach. • Therapists and other professionals may continue to visit 	NA		

		<p>education settings to provide therapies and support, where this is reasonably necessary.</p> <ul style="list-style-type: none"> Where children and young people with EHC plans are not attending their education setting, multi-agency professionals should collaborate to agree how the provision set out in the EHC plan can be delivered. This may include face-to-face visits to the home, or virtual support by means of video or telephone calls, or via email. 			
Resource base provision within mainstream setting	NA	<ul style="list-style-type: none"> All pupils risk assessed and discussed at panel On site and remote learning arrangements in place for each pupil Therapists and other professionals may continue to visit education settings to provide therapies and support, where this is reasonably necessary. Where children and young people with EHC plans are not attending their education setting, multi-agency professionals should collaborate to agree how the provision set out in the EHC plan can be delivered. This may include face-to-face visits to the home, or virtual support by means of video or telephone calls, or via email. 	NA		
Schools lose focus on continuing to apply in-year admissions process including admitting 'new' pupils	LOW	<ul style="list-style-type: none"> Review in-year school admissions expectation with key admission staff. Ensure key school contact and related resources in place. Ensure timely returns of individual pupil (applications and outcomes through a Pupil Movement Form) and wider cohort data returns. Ensure speedy admission of children in the relevant year groups particularly those more vulnerable children. XXX pupils risk assessed and discussed at regular SEND, ISEY or Fair Access panel. Any issues addressed through SLT and in discussion with families. LA support for individual or complex cases. 	Yes	Waiting lists reviewed. Places offered when they become available.	LOW
Nursery School (NS)	LOW	<ul style="list-style-type: none"> Review EEE termly admissions process. 	Yes	Admissions process	LOW

This is a model risk assessment based on initial Government guidelines on COVID-19 as at February 2021 and remains subject to change at short notice as updates are received from the Department for Education (DfE) or Birmingham City Council (BCC). Schools should amend according to individual context. Please contact eds.enquiries@birmingham.gov.uk if you are experiencing accessibility issues with the document.

and Nursery Classes (NC) lose focus on continuing to apply termly admissions process including admitting 'new' pupils		<ul style="list-style-type: none"> Funding questions are emailed to NEF@Birmingham.gov.uk Ensure key school contact and related resources in place. Ensure parental declarations are completed and signed each term. XXX pupils risk assessed and discussed at regular SEND, ISEY or Fair Access panel. Any issues addressed through SLT and in discussion with families. LA support for individual or complex cases. 		continues to be followed, places offered etc	
2. Plan how the whole school will be accommodated and encourage attendance					
Measures are not in place to accommodate mandatory attendance	MED	<ul style="list-style-type: none"> Reduced contact between bubbles/groups continues to be reinforced Adaptations to the classroom are made to support distancing where possible. That could include seating pupils' side by side and facing forwards, rather than face-to-face or side on. Removing unnecessary furniture out of the classroom to make more space. Use of unused classrooms. In NS/NC where additional space is identified for accommodating 2-year olds and under 2s, then the school will need to register the space for use with Ofsted using the current interim process. Engagement of appropriate services for families not engaging Curriculum leads in school meet regularly to review impact of plan. NS engage with NS Trust and Teaching Schools Alliance or the Early Years team EYDuty@birmingham.gov.uk 	Yes	Year group bubbles in place. Separate breaks and lunchtimes. Desks side by side, children facing forward. Attendance monitored and follow-up contact made Whole school attendance letter forwarded to all parents w/b 20.7.2020 and posted on website	LOW
Classroom and timetable arrangements do not allow for all pupils to attend in line with guidance	LOW	<ul style="list-style-type: none"> Agreed new timetables and confirm arrangements for each year group to allow for reduced interaction between year groups. In primary schools, classes stay together with their teacher and do not mix with other pupils. In secondary schools' groups or bubbles should be kept apart and movement around the school kept to a minimum. While 	Yes	Environment remodelled 1.9.2020 Staggered playtimes and allocated zones to allow for social distancing between	LOW

This is a model risk assessment based on initial Government guidelines on COVID-19 as at February 2021 and remains subject to change at short notice as updates are received from the Department for Education (DfE) or Birmingham City Council (BCC). Schools should amend according to individual context. Please contact eds.enquiries@birmingham.gov.uk if you are experiencing accessibility issues with the document.

	<p>passing briefly in the corridor or playground is low risk, avoid creating busy corridors, entrances and exits.</p> <ul style="list-style-type: none"> • Classrooms re-modelled and space maximised. Spare furniture that will not be used is removed. • Clear signage displayed in classrooms promoting social distancing. • Hand washing facilities identified for each learning zone • Ventilation is increased while spaces are unoccupied e.g. breaktimes. • Arrangements in place to support pupils when not at school (e.g. complying with clinical or public health advice) with immediate access to remote learning at home. • Where pupils in year 7 and above are educated, face coverings should be worn by adults and pupils when moving around the premises, outside of classrooms, such as in corridors and communal areas where social distancing cannot easily be maintained. Consider reducing the need to move between basic class spaces. Face coverings do not need to be worn by pupils when outdoors on the premises. • Face coverings should be worn in classrooms or during activities unless social distancing can be maintained. This does not apply in situations where wearing a face covering would impact on the ability to take part in exercise or strenuous activity, for example in PE lessons. • From 17 May face coverings will no longer be recommended for staff in classrooms. In all schools. • We continue to recommend that face coverings should be worn by staff and visitors in situations outside of classrooms where social distancing is not possible. • The reintroduction of face coverings for staff may be advised for a temporary period in response to particular localised outbreaks, including variants of concern. • Consider staggered break times and lunch times to align with staggered start and finish times. Make sure you allow time for cleaning surfaces in the dining hall between groups. 		<p>year groups at playtime and lunchtime</p> <p>Staggered lunchtime sittings to allow social distancing between year group and tables etc to be wiped down between sittings.</p> <ul style="list-style-type: none"> • Classrooms re-modelled, with chairs and desks front facing and spaced to allow for social distancing. • Spare furniture removed • Each year group to have allocated toilets and handwashing facilities <p>Lunchtime supervisors employed to ensure staff have adequate break times Rota for playground duty in place for year groups</p> <p>Google Drive available to children to access learning from home</p>	
--	--	--	--	--

This is a model risk assessment based on initial Government guidelines on COVID-19 as at February 2021 and remains subject to change at short notice as updates are received from the Department for Education (DfE) or Birmingham City Council (BCC). Schools should amend according to individual context. Please contact eds.enquiries@birmingham.gov.uk if you are experiencing accessibility issues with the document.

		<ul style="list-style-type: none"> • Consider lunchtimes in the classroom for younger year groups. • In EYFS handwashing supervision is in place. The EYFS environment is re-organised to meet requirements of social distancing including groups who do not mix with other children or other small groups. • Staffing arrangements for lunchtime also need to be considered to ensure colleagues have a reasonable break. • Schools should engage with their local immunisation providers to provide the usual immunisation programmes on site, ensuring these will be delivered in keeping with the school's control measures. • Participation in the Testing Programme for staff and secondary age pupils. 		Specific lunchtime spaces for staff allocated for adequate 'rest' facilities	
There is a need to review group participation and use of large spaces to allow for the school to be fully operational	LOW	<ul style="list-style-type: none"> • Encourage use of outdoor space, weather dependent. • Identify available large spaces and appropriate timetabling e.g. dining areas, halls, studios, particularly in outdoor areas. • Large gatherings, assemblies or collective worship to be avoided with more than one group. Consideration over use of prayer rooms and alternative arrangements if the space is not deemed covid-safe. • Design layout and arrangements in place to enable social distancing • The EYFS environment is re-organised to meet requirements of social distancing • Careful consideration of how to minimise risk from music classes e.g. singing outside, chanting, playing wind or brass instruments or shouting. • Outdoor sports should be prioritised where possible, and large indoor spaces used where it is not, maximising distancing between pupils and paying scrupulous attention to cleaning and hygiene contact sports avoided. A separate Risk Assessment from any external provider operating on site is required and reviewed. • Performances with an audience should not be hosted. Consider 	Yes	PE to be undertaken outside as far as possible Timetabling of hall for PE to allow for social distancing and wiping down of equipment <ul style="list-style-type: none"> • Detailed plan determined by SLT. • Large spaces ie halls are not to be used other than for lunchtimes • Large gatherings inside school will not happen due to 'bubbles' • Collective worship delivered remotely • Staggered drop off and pick up and 	LOW

This is a model risk assessment based on initial Government guidelines on COVID-19 as at February 2021 and remains subject to change at short notice as updates are received from the Department for Education (DfE) or Birmingham City Council (BCC). PPE provision is not in place for staff providing intimate care and for cases where a child becomes unwell with symptoms of coronavirus and needs direct personal care until they can return home	LOW	<ul style="list-style-type: none"> • Requirements for PPE have been assessed in line with DfE guidelines and Public Health Birmingham scenarios. • Sufficient stock has been ordered using school's usual suppliers • Arrangements to seek LA support to obtain PPE in case of an emergency are known and in place. • Health and safety governors are satisfied that arrangements are in place and in line with DfE guidelines. • Additional PPE for coronavirus (COVID-19) is only required in a very limited number of scenarios, for example, when: <ul style="list-style-type: none"> • a pupil becomes ill with coronavirus (COVID-19) symptoms, and only then if a 2 metre distance cannot be maintained • performing aerosol generating procedures (AGPs). 	Yes	PPE ordered and available in each classroom– gloves, visors, masks, aprons, additional vomit kits etc	LOW
15. Managing premises related issues					
There is no agreed approach to any scheduled or ongoing building works therefore contractors on-site whilst school is in operation may pose a risk to social distancing and infection control	LOW	<ul style="list-style-type: none"> • Ongoing works and scheduled inspections for schools (e.g. estates related) have been designated as essential work by the government and so are set to continue. • An assessment has been carried out to see if any additional control measures are required to keep staff, pupils and contractors safe including distancing and hygiene procedures. • Assurances have been sought from the contractors that they are familiar with the <u>symptoms associated with Coronavirus covid-19</u>, all staff attending the setting will be in good health (symptom-free) and that contractors have procedures in place to ensure effective social distancing is always maintained. • Alternative arrangements have been considered such as using a different entrance for contractors and organising classes so that contractors and staff/pupils are kept apart. • Social distancing is being maintained throughout any such works and where this is not possible arrangements are reviewed. • In addition to arrangements for COVID-19, normal contractor procedures are being applied and have been updated considering COVID-19 (including contractor risk assessments and method statements, and contractor induction), including 	Yes	Site manager to schedule any essential work and take into account social distancing and communicate school procedures to anyone visiting the site Contact details taken of any visitors to school site	LOW

		<ul style="list-style-type: none"> contractors who works across sites or schools. Premises governing board committee is aware of planned works and associated risk assessments. Where BCC is the building owner the <i>landlord approval process</i> has been undertaken when required i.e. any works likely to disturb the fabric of the building. 			
Fire procedures are not appropriate to cover new arrangements	LOW	<ul style="list-style-type: none"> Fire procedures have been reviewed and revised where required, due to: <ul style="list-style-type: none"> Changes to numbers of pupils/staff Possible absence of fire marshals - absent fire marshals to be replaced with trained substitutes Social distancing rules during evacuation and at muster points Possible need for additional muster point(s) to enable social distancing where possible Staff, pupils and governors have been briefed on any new evacuation procedures. Incident controller and fire marshals have been trained and briefed appropriately. Fire drill arranged in line with Covid plan. 	Yes	Amended fire safety procedures in place to enable social distancing. Plans shared with staff Practice first full week back and October and March	LOW
Fire evacuation drills - unable to apply social distancing effectively	LOW	<ul style="list-style-type: none"> Plans for fire evacuation drills are in place and are in line with social distancing measures, with marked areas if required. 	Yes	See above	LOW
Fire marshals absent due to self-isolation	LOW	<ul style="list-style-type: none"> An additional staff rota is in place for fire marshals to cover any absences and staff have been briefed accordingly. Staff appropriately trained in fire marshal duties as required. 	Yes	SLT and office staff are fire marshals and all are due to be in school. Procedures to be reviewed and roles reallocated in light of absence	LOW

Statutory compliance has not been completed due to the availability of contractors during lockdown	LOW	<ul style="list-style-type: none"> All statutory compliance is up to date. Where water systems have not been maintained throughout lockdown, chlorination, flushing and certification by a specialist contractor has been arranged. Water system checks and actions to be undertaken prior to wider opening. Legionella Risk Assessment up to date. Fire drills continue to be undertaken and Fire Risk Assessment up to date including management of doors opened for ventilation purposes. Ensure staffing cover should key staff (site manager/caretaker) involved in statutory testing & site safety be off or away LA support is in place. 	Yes	All up to date	LOW
The costs of additional measures and enhanced services to address COVID-19 when reopening puts the school in financial difficulty	MED	<ul style="list-style-type: none"> Additional cost pressures due to COVID-19 identified and an end-of-year forecast which factors them in has been produced. LA or Trust finance team has been consulted to identify potential savings in order to work towards a balanced budget. Additional COVID-19 related costs are under monitoring and options for reducing costs over time and as guidance changes are under review. Additional sources of income are under exploration. The school's projected financial position has been shared with governors and LA or trust. NS/NC are aware of financial support available to support sustainability 	Yes	Virtual governing body meeting continue Finances shared, budget agreed and procedures continue to be monitored and effectively maintained in line with the academies financial handbook Accounts completed, to be shared with full GB Dec.	MED
16. Impact on staff and pupils with protected characteristics and adapting your approach					
Considerations <ul style="list-style-type: none"> Nationally the ONS analysis has identified an increased risk of death among some ethnic groups, although this increased risk is also impacted by age, as well as gender and long term conditions like type 2 diabetes, high blood pressure and kidney disease. There doesn't appear to be any difference between in ethnic groups in terms of infection rates, i.e. who catches it, the difference is in the proportion 					

who die.

- In light of this it is important for risk assessments of individuals, staff and pupils, take this into account, the main risks are around health conditions such as diabetes, kidney disease and high blood pressure, especially if poorly controlled and also obesity has been identified as a significant risk factor. The risk of death is also higher in older people over 65yrs and men have a slightly higher rate than women. Those with respiratory conditions like asthma and chronic obstructive pulmonary disease also pose higher risks, along with auto-immune conditions. Smoking can also exacerbate the disease and lead to poorer outcomes
- The NHS risk assessment suggests BAME individuals have a higher risk at a younger age, so as a rough guide consider a BAME 55yr old's risk in the same way you would consider White 65yrs old, but the biggest risk factor is existing health conditions.
- Once risks are identified then it would be sensible to work with your occupational health provider on how then to look at adjustments and whether staff can, for the remainder of term, support remote teaching or telephone support roles. This assessment will need to be on a case by case basis.
- It is less clear cut for children who are living in households with other vulnerable adults or siblings, however it is worth noting that the risk is less from younger children than older children and can be reduced through good hand hygiene. This however will be a decision that parents will need to make individually based on their personal circumstances.

Further information on Government's vaccination plan can be found here: <https://www.nhs.uk/conditions/coronavirus-covid-19/coronavirus-vaccination/coronavirus-vaccine/>

Measures have not been put in place to protect staff and pupils with underlying health issues, BAME staff	LOW	<ul style="list-style-type: none"> • An equality impact assessment is undertaken for the school's staff and pupils. • All members of staff and parents of pupils with underlying health issues, those within vulnerable groups have been instructed to make their condition or circumstances known to the school, and members of staff with children who cannot attend school/nursery/childminder etc are supported. • Records are kept and regularly updated e.g. check children and staff who have identified as having asthma have up to date care plans. • Members of staff and parents of pupils with underlying health conditions have been asked to seek and act on the advice of their GP/consultant/midwife or current government advice. • Staff and parents of pupils are clear about the definitions and associated mitigating strategies relation to people who are classed as clinically vulnerable and clinically extremely vulnerable. • All staff who were clinically extremely vulnerable and received a letter should not attend work but can work from home if possible. 18. Home to School Transport					
<p>Urban Transport Group released a <u>briefing in May 2020</u> requesting the Government to lead joined-up dialogue between the education and transport sectors on how best to resolve the operational challenges and to meet the full additional transport costs of the return to schools and colleges.</p> <p>Keys points include:</p> <ul style="list-style-type: none"> Promote the use of sustainable travel and transport (i.e. modes that improve physical wellbeing for users and/or environmental quality) for journeys to and from education and training establishments for children and young people or compulsory school age in the local authority area. As part of their overarching role to keep cities regions moving in a manner that protects health, the environment and quality of life, transport authorities also have an interest in ensuring that the return to school and college does not create congestion, contribute to air pollution or pose a risk in terms of the health and safety of children and their parents or of transport staff and the wider public, including passengers travelling on mainstream routes that serve schools. In line with this, transport authorities will be looking to ensure that children are able to safely walk, cycle or scoot to school where possible. Indeed, in normal times, transport authorities invest considerable resources in promoting mode shift for school transport and in supporting and training children to travel safely and sustainably. The need to encourage children to walk, cycle or scoot to school sitting alongside the risks posed by a rise in speeding 					

and other dangerous driving on empty roads.

For further information and guidance regarding any of the above points visit www.birmingham.gov.uk/modeshiftstars or contact: connected@birmingham.gov.uk.

Consideration whilst using public transport	LOW	<ul style="list-style-type: none"> School should adopt measures to address the risks in a way that works in the local circumstances. Distancing should be maximised and mixing of groups should be minimised where possible and practical. People aged 11 and over must wear a face covering when travelling on public transport. In accordance with advice from PHE, they must also wear a face covering when travelling on dedicated transport to secondary school. People who are exempt do not need to wear a face covering. Pupils should not board home to school transport if they, or a member of their household, has had a positive test result or has symptoms of coronavirus (COVID-19). 		N/A	LOW
Pick up and drop off times	MED	<ul style="list-style-type: none"> Consider opening school gates earlier or designated entrances so parents can socially distance. Encourage parents not to gather at entrance gates or doors or enter the site unless they have a pre-arranged appointment. Encourage only one parent/carer/childminder to drop or collect and timetable allocated drop off and collection times. Talk to staff about the plans (for example, safety measures, timetable changes and staggered arrival and departure times), including discussing whether training would be helpful. Stagger start and finish times to ease pavement congestion and reduce journeys on public transport during peak hours. Consider the use of simple signage to highlight the need for social distancing: stickers (could be customised versions e.g. using pupils' designs) or simple spray, tape or chalk markings. Organised queuing and boarding of vehicles and distancing within vehicles wherever possible. Consideration of emergency school streets measures as identified in the Emergency Birmingham Transport Plan 	Yes	Pick up and drop off times to be staggered to ease 'traffic and congestion' around school Waiting zones clearly demarcated with socially distances spots Playtimes and lunchtimes to be staggered One way system implemented to ease thoroughfare around school	LOW

This is a model risk assessment based on initial Government guidelines on COVID-19 as at February 2021 and remains subject to change at short notice as updates are received from the Department for Education (DfE) or Birmingham City Council (BCC). Schools should amend according to individual context. Please contact eds.enquiries@birmingham.gov.uk if you are experiencing accessibility issues with the document.

		<p>including Car Free School Streets, parking restrictions and reducing speed limits.</p> <ul style="list-style-type: none"> • If appropriate, consider putting into a place one-way pedestrian system on the street surrounding the school with determined entrance and exits for classrooms and areas of the school. • Pupils/staff must wash their hands/use hand sanitiser on boarding and on arrival (as is the case for all pupils), dispose of temporary face coverings in a covered bin or place reusable face coverings in a plastic bag they can take home with them, and then wash their hands again before heading to their classroom. • Additional cleaning of designated school transport. 		Additional oneway signs purchased and displayed	
Children arriving late as a result of journey to school	LOW	<ul style="list-style-type: none"> • Advise parents/carers to use various modes of transport including driving to school being mindful of the need to socially distance around the school safely. Encourage walking, cycling or scooting to their education setting where possible. • Ensure parents and young people are aware of recommendations on transport to and from education or childcare setting (including avoiding peak times). Read the Coronavirus (COVID-19): safer travel guidance for passengers • Ensure that transport arrangements cater for any changes to start and finish times. • Identify possible park and stride sites - parents and others who do have to drive can then park (legally) nearby and walk the last part of their journey. • Drivers should be advised to anticipate more pedestrians and cyclists than usual, restrict speeds and avoid parking on (or partially on) pavements. • If travelling by public transport: check website or live bus app for revised timetables before travel; try to keep 2 metres away from people not in their household while waiting in the queue; carry and use hand sanitiser; wear a face covering if they can; sit in the window seat, leaving the seats in front and behind 	Yes	<p>15 minute drop off time slot plus extra time for nursery children and families</p> <p>Procedure in place for the admittance of children arriving late – communicated to parents</p> <p>Parent travel arrangements to be highlighted in regular newsletters</p> <p>Closure of additional parking for parents to use in local social club</p>	LOW
