

Maths

- Addition and subtraction beyond 20.
- Place value within 50.
- Multiples of 2s, 5s and 10s.
- Problem solving.
- Deepening understanding of mathematical problem solving and strategies to use in order to find an answer.

Music

- Take part in singing accurately, following the melody.
- Clap rhythms in order to create a sequence of long and short sounds.
- Compose using a mixture of different sounds such as long and short, long and quiet and high and low.

Art

- Respond to ideas and starting points, exploring them and collecting visual information to inspire us.
- Cut, tear and glue a variety of materials to create a 3D moon.
- Sculpt a variety of shapes to create the craters of the moon.
- Use thick and thin brushes to paint and create texture on 3D moon.

Science

- Observing the signs of Winter, including the amount of daylight hours.
- Describe simple properties of different materials.
- Name, label and understand the function of organs.
- Gather evidence and use senses during a taste test experiment.

WOW Moments

- Visit St John's Church to learn about a Christian place of worship.
- Watch the original video of the Moon landing in 1969.

Key texts:

- Katie Morag delivers the mail
- Beegu
- Whatever Next
- The Man on the Moon
- Here Come the Aliens

Year 1, Spring 1

What can we learn from explorers?

English

- Writing structured sentences using capital letters, full stops and fingers spaces and question marks.
- Use well-chosen adjectives to describe places.
- Sequence sentences to write a short narrative about a journey.
- Develop comprehension skills to show understanding of different text types.

PE

- To develop skills of rolling, hitting, running, jumping, catching and kicking skills in combination.
- Copy and remember moves and positions.

Computing- Information Technology

- Use technology to create digital content.
- Recognise common uses of technology at home.
- Continue to use technology respectfully.

RE

- Identifying groups that I belong to.
- Understanding what belonging means.
- Learning about the Jewish faith and beliefs.

PSHE

- Exploring ways to stay healthy.
- Understanding how sleep is important.
- Understanding safety around medicines.
- Recognising feelings when they are unsafe.

Geography

- Using aerial images to recognise landmarks and physical features from the perspective of different explorers.

History

- Discuss, describe and identify people of significance.
- Observe historical evidence in order to ask questions and find out information about Christopher Columbus and Neil Armstrong.
