

## GEOGRAPHY

- Find out about different types of mountains: dome, fault-block, fold, plateau and volcanic.
- Use 4 and 6 figure grid references to locate mountains within the UK and across the world.
- Investigate areas of mountainous Britain.

## MATHS

- Area
  - What is area? Counting and comparing areas.
- Multiplication and Division
  - Multiplication tables focuses (3x, 6x, 9x, 7x, 11x, 12x)
  - Dividing by 1 and itself.
  - Multiplying 3 numbers.

## SCIENCE

- Identify the different types of teeth in humans and their simple functions.
- Describe the simple functions of the basic parts of the digestive system in humans.
- Compare and group materials together, according to whether they are solids, liquids or gases.
- Observe that some materials change state when they are heated or cooled, and measure or research the temperature at which this happens in degrees Celsius (°C).
- Identify the part played by evaporation and condensation in the water cycle and associate the rate of evaporation with temperature.

In order to commit our learning to long-term memory, we will revisit and build upon our understanding of these concepts in the Spring term.

## R.E – Symbolism – Judaism

- What is the meaning of 'symbol'?
- What do Hanukkah lights mean for Jews?
- What is the value of the symbol of Hanukkah?
- What symbols do I have that mean something special in my life?
- How do symbols apply to mine and others lives?

### Year 4 Autumn 2

Misty Mountain,  
Winding River (cont.)
