SCIENCE

- Use classification keys to search for living things in our local and wider environment
- Finding pitch and volume of different instruments and sounds
- Describe the basic parts of the digestive system in humans through making our own.
- Construct series circuits involving more components
- Observe materials changing state through practical investigations

In order to commit our learning to long-term memory, we will revisit and build upon our understanding of these concepts in the Summer term.

R.E

- Incarnation/God
 - What is the Trinity?
 - Why is water important?
 - Understand symbolism of baptism.
 - Express ideas about what the God of Christianity is like.

ENGLISH
