

King Edward VI School

The Friary School

Nether Stowe School

Dear Parents

YEAR 7 OPEN EVENINGS 2020

On behalf of all three Lichfield secondary schools, we would like to share information with parents of current Year 6 students about our virtual Open Evenings this year.

The original Open Evening dates are:

The Friary School	Tuesday 22 September 2020	www.friaryschool.com
King Edward VI School	Wednesday 30 September 2020	www.keslichfield.org.uk
Nether Stowe School	Thursday 1 October 2020	www.netherstowe.com

We are aiming to have our virtual Open Evenings live by this date but please check individual websites for details.

As we are unable to invite parents and students in to school this year, schools will aim to give parents and prospective students a flavour of what it is like to study there and the opportunities available to them. The details and relevant links will be available via school websites. This will include virtual tours, student feedback, curriculum and departmental information and presentations from senior leaders.

Full details of the programme will be available on the individual schools' websites shortly. Although we will look to cover all frequently asked questions, there will be an opportunity to send the schools your individual queries where necessary.

We know that the opportunity to spend time in school talking to staff and students is really valuable. In these most unusual times, we are sure that you understand the reasons for running virtual events instead. We will also ensure that the information remains on the website until at least the end of October after the application date for secondary school places has closed. We are all committed to supporting your child to make a successful transition to secondary school.

Yours sincerely

Jane Rutherford
Headteacher
King Edward VI School
